

This is a license agreement (the "Agreement") for certain code and instructions (the "Software") that is owned by Akamai Technologies, Inc. ("Akamai") and which corresponds to (i) the client software application and (ii) the connector software application used with Akamai's Enterprise Application Access Service and/or the Akamai Secure Internet Access ("SIA") Enterprise (each a "Service"). By using the Software, or any modified version of the Software customized by Akamai, you agree to these terms. If you do not agree to the terms of this Agreement, you cannot use the Software for any purpose.

1. **Limited License.** You have a non-exclusive, personal, and non-transferable right and license to use, without the right to sublicense, the Software. Except as permitted by applicable law and this Agreement, you may not decompile, reverse engineer, disassemble, modify, rent, lease, loan, distribute, sublicense, or create derivative works from, the Software or transmit the Software over a network. The Software shall only be used in connection with your authorized use of Akamai's services and for no other purpose. You agree that Akamai owns all intellectual property rights, title, and interest in and to the Software and derivatives thereof. Akamai shall have the right to modify the Software at any time within its discretion, and you will use reasonable efforts to ensure that you use the most recent version of the Software made available by Akamai. You may only use the Software in accordance with the terms of this Agreement and applicable laws and regulations, and you will ensure that anyone who obtains the Software from you or in connection with your order of the Service uses the Software only in accordance with the terms of this Agreement and applicable laws and regulations. This Agreement shall automatically terminate upon (i) breach of the terms included herein or (ii) expiration or termination of your order for the Service. All rights in and to the Software not expressly granted herein are reserved by Akamai. Nothing in this Agreement gives you a right to use any of Akamai's trade names, trademarks, service marks, logos, domain names, or other distinctive brand features. You agree that you will not remove, obscure, or alter any proprietary rights notices that may be affixed to or contained within the Software. You will not engage in any activity with the Software that interferes with, disrupts, damages, or accesses in an unauthorized manner the servers, networks, or other properties or services of Akamai or any third party. You agree that you are solely responsible and liable (and that Akamai has no responsibility or liability to you or any third party, including without limitation your end users or your partners' and/or affiliates' end users) for (i) any data, content, or resources that you collect, create, transmit, or display with use of the Software and (ii) any breach of your obligations under this Agreement, any applicable third party contract or terms of use, or any applicable law or regulation. To the extent that you use Akamai's China CDN and/or Russia CDN Service(s) in connection with your use of the Software, such Service(s) shall be subject to the applicable terms established at www.akamai.com/service.

2. **Restrictions on Export.** The Software may not be used or otherwise exported or re-exported (a) into (or to a national or resident of) a United States embargoed country or (b) to anyone on the U.S. Treasury Department's list of Specially Designated Nationals or the U.S. Department of Commerce's Table of Denial Orders. By using the Software, you represent and warrant that you are not located in, under control of, or a national or resident of any country or on any such list.

3. **Open Source Software.** Any use, reproduction, and distribution of components of the Software licensed under an open source software license will be governed solely by the terms of that open source software license and not by this Agreement. Such components are identified in Schedule A.

4. **No Warranty on Software.** Akamai provides the Software to you "AS IS" and without warranty. You are not entitled to any hard copy documentation, maintenance, support or updates for the Software.

AKAMAI EXPRESSLY DISCLAIMS ALL WARRANTIES RELATED TO THE SOFTWARE, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. AKAMAI DOES NOT WARRANT THAT THE FUNCTIONS CONTAINED IN THE SOFTWARE WILL MEET YOUR REQUIREMENTS, OR THAT THE OPERATION OF THE SOFTWARE WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE SOFTWARE WILL BE CORRECTED. FURTHERMORE, AKAMAI DOES NOT WARRANT OR MAKE ANY REPRESENTATIONS REGARDING THE USE OR THE RESULTS OF THE USE OF THE SOFTWARE OR RELATED DOCUMENTATION IN TERMS OF THEIR CORRECTNESS, ACCURACY, RELIABILITY OR OTHERWISE. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OF IMPLIED WARRANTIES, SO PORTIONS OF THE ABOVE EXCLUSION MAY NOT APPLY TO YOU.

5. **Limitation of Liability.** In no event shall Akamai be liable to you for any damages exceeding any amount paid for the

Software.

UNDER NO CIRCUMSTANCES, INCLUDING NEGLIGENCE, SHALL AKAMAI BE LIABLE FOR ANY INCIDENTAL, SPECIAL, INDIRECT OR CONSEQUENTIAL DAMAGES ARISING OUT OF OR RELATING TO THIS LICENSE, INCLUDING, BUT NOT LIMITED TO, DAMAGES RESULTING FROM ANY LOSS OF DATA CAUSED BY THE SOFTWARE. SOME JURISDICTIONS DO NOT ALLOW THE LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES SO THIS LIMITATION MAY NOT APPLY TO YOU.

6. **Government End Users.** If you are acquiring the Software on behalf of any part of the United States Government, the following provisions apply. The Software and accompanying documentation are deemed to be "commercial computer software" and "commercial computer software documentation," respectively, pursuant to DFAR Section 227.7202 and FAR 12.212(b), as applicable. Any use, modification, reproduction, release, performance, display or disclosure of the Software and/or the accompanying documentation by the U.S. Government or any of its agencies shall be governed solely by the terms of this Agreement and shall be prohibited except to the extent expressly permitted by the terms of this Agreement. Any technical data provided that is not covered by the above provisions is deemed to be "technical data-commercial items" pursuant to DFAR Section 227.7015(a). Any use, modification, reproduction, release, performance, display or disclosure of such technical data shall be governed by the terms of DFAR Section 220.7015(b).

7. **Controlling Law and Severability.** This Agreement shall be governed by the laws of the United States and those of the State of Massachusetts. The state and federal courts located in the State of Massachusetts shall serve as the exclusive venue for claims arising out of or related to your use of the Software. If for any reason a court of competent jurisdiction finds any provision, or portion thereof, to be unenforceable, the remainder of this Agreement shall continue in full force and effect.

8. **Complete Agreement.** This Agreement constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior or contemporaneous understandings regarding such subject matter. No amendment to or modification of this Agreement will be binding unless in writing.
